About This Content

It Came from Beyond the Stars!

What begins as a simple rescue mission takes a turn for the surreal when the heroes are abducted by a great silvery egg that whisks them into the stars. Finding themselves aboard a crippled star-faring vessel, long stranded in orbit around their homeworld, the heroes encounter an enigmatic race of human starfarers, prisoners aboard their own ship by alien foes that threaten their survival even as they menace the heroes' own world. Seeking these alien enemies through tunnels of steel and corridors crackling with energy, the heroes must brave an artificial jungle stocked with fearsome flora and fauna to reach the long-abandoned bowels of the ancient ship, only to come face-to-face with an alien threat of unimaginable horror ... an alien threat that has just initiated the ship's self-destruct sequence!
